Select* Associates, Inc. Announces star*targetCash for Law Firms

*star*targetCash automates the monthly, quarterly and year-end cash forecasting process for law firms, giving them better tools to manage cash projections.*

Timonium, MD ([PRWEB](#)) January 28, 2009 -- Select* Associates, Inc., a leader in collections management technology for law firms, announced the availability of **star*targetCash**, a new software product that automates the monthly, quarterly, and end-of-year cash forecasting and reporting process.

star*targetCash uses the latest web technology to distribute accounts receivable financial data to staff, including billing attorneys, partners, associates and other professionals. Attorneys can enter and update cash projections by client and/or matter. In addition, **star*targetCash** includes a suite of integrated reports which provide timely progress measurements towards targets by major criteria, including firm, office, billing attorney, department, and client.

Law firms will benefit from this technology by improving the speed of cash collections and accuracy of their financial projections. **star*targetCash** also facilitates an audit trail that can be maintained and referred to on a historical basis. Law Firm Management and Attorneys can use the consolidated reports generated by **star*targetCash** for additional financial analysis.

“Select* Associates is excited to bring this new product offering to the law-firm marketplace. We believe that **star*targetCash** will help to significantly improve productivity in the receivable collection process.” says Rob Erich, Select* Associates’ President. Mr. Erich continued by saying “The **star*targetCash** introduction is especially timely, with firms renewing their focus on cash management and looking for tools to improve their cash forecasting capabilities.”
